The **TERA-P90** is a wellness device designed to support overall well-being through advanced frequency technologies.

Combining PEMF, terahertz, and dual-frequency technologies, it is engineered to support relaxation, circulation, and balance as part of your daily self-care routine.

Its user-friendly design and multiple modes make it suitable for a variety of needs and lifestyles.

Portable, easy to use, and designed with safety and comfort in mind.

ADVANCED TECHNOLOGY

PEMF (Pulsed Electromagnetic Field)
Utilizes low-frequency electromagnetic signals designed to support relaxation and general wellness.

Terahertz-Based Frequency Technology
Utilizing a focused band of 3–3000μm, known as the "light of life", terahertz energy resonates synergistically with body molecules to improve microcirculation, enhance cellular interaction, and support overall tissue health.

Dual-Frequency Technology
Combines PEMF and terahertz-based technology for a comprehensive wellness experience.

User-Focused Design
Engineered for ease of use and comfort during sessions.

SMART 6 MODES

Relax Mode
Designed to help you unwind and support daily relaxation.

Circulation Mode
Supports healthy circulation and overall vitality.

Sleep Mode
Promotes rest and helps support better quality sleep.

Recovery Mode
Supports muscle recovery and physical well-being.

Immunity Mode
Helps support your body's natural defenses and balance.

Balance Mode
Promotes overall balance and a sense of well-being.
